

ARC IS REINVENTING THE GAME

RMB.

RMB IS PROUD TO HAVE PARTNERED WITH ARC INVESTMENTS ON ITS ZAR4.3-BN CAPITAL RAISING AND LISTING ON THE JSE.

ARC Investments is changing the way that B-BBEE deals are done by playing an active role in capitalising, empowering and building businesses of scale. In this first-of-a-kind listing, RMB assisted ARC Investments to structure a permanently black-controlled investment vehicle that provides significant advantages to both its investors and portfolio companies. After all, at RMB we know that success in business is not just playing well, but reinventing the game.
