

# RMB AND TCTA DELIVER A PIPELINE FOR A BRIGHTER FUTURE

**RAND  
MERCHANT  
BANK**  
A division of FirstRand Bank Limited

Traditional values. Innovative ideas.

RMB served as mandated principal funder of the Trans-Caledon Tunnel Authority's (TCTA) bulk water augmentation projects for a total of R1.6-billion

Rand Merchant Bank proudly served as principal funder for the Komati and Mokolo-Crocodile pipelines that deliver water to critical power stations, by offering an innovative, variable payment structure. These deals build on RMB's water infrastructure financing capability while continuing to develop crucial water delivery for South Africa's energy needs.
