

WHEN RMB INNOVATES,
WE ARE IN OUR ELEMENT.

THINK
PRECIOUS
METALS.
THINK RMB.

RMB proudly introduces a Platinum ETF-linked Bond, a market first that provides exposure to Platinum, enhanced with the FirstRand funding spread. Rand Merchant Bank created an innovative product which gives investors exposure to Platinum through a Platinum ETF-linked Bond. The ZAR-denominated product provides investors with the opportunity to invest in Platinum – without owning it directly – by linking the underlying commodity to an ETF.
